# 1 About Smart-STB application

Smart-STB (Set-top app) is an Android application that can be installed on Samsung or LG Smart TVs. This app enables you to have IPTV service (i.e., **CLEAR TV** ) on a portal similar to a classic STB/MAG box with all characteristics that can be expected from a Cable TV provider.

## 2 Installation

**For better streaming quality experience, we highly suggest you use a network connection via Ethernet cable (also known as LAN connection) in connecting your Smart TV to your internet box or router. LAN connection provides:**

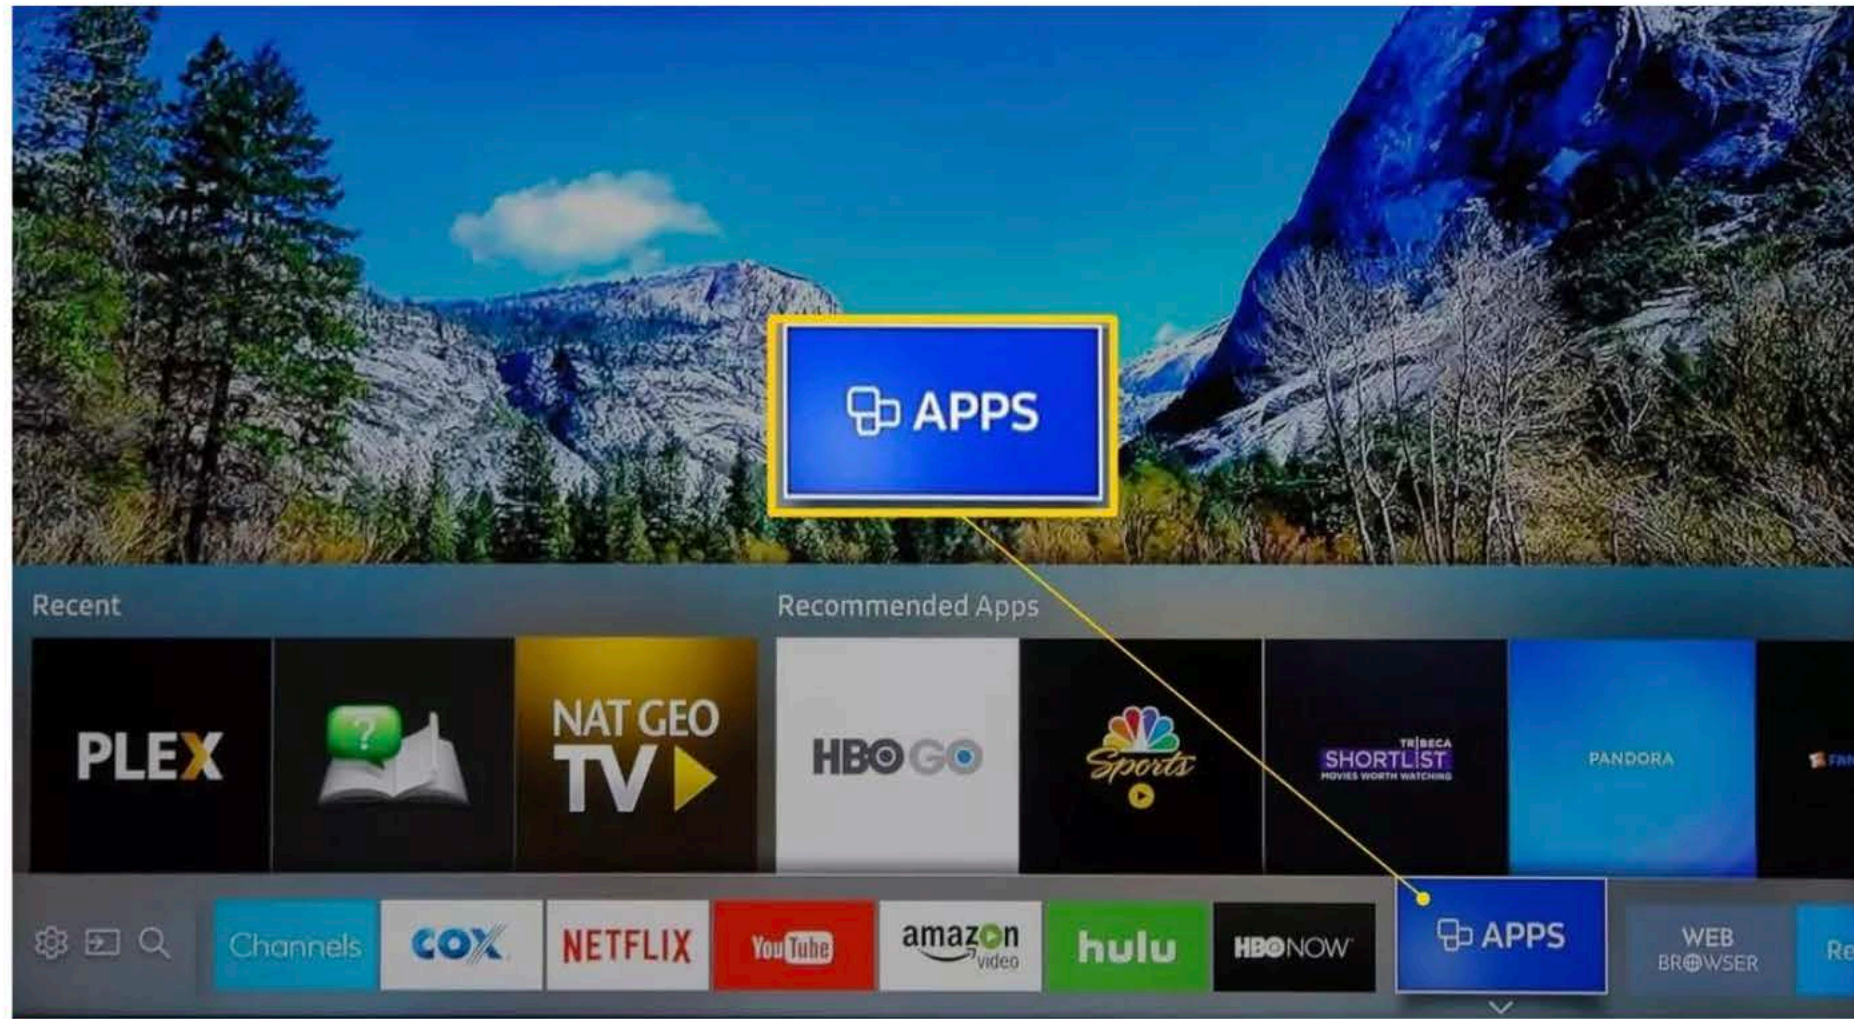

- ▶ **a more stable connection**
- ▶ **higher bandwidth and no latency**

**NOTE: Depending on your Samsung TV model version the following images may vary.**

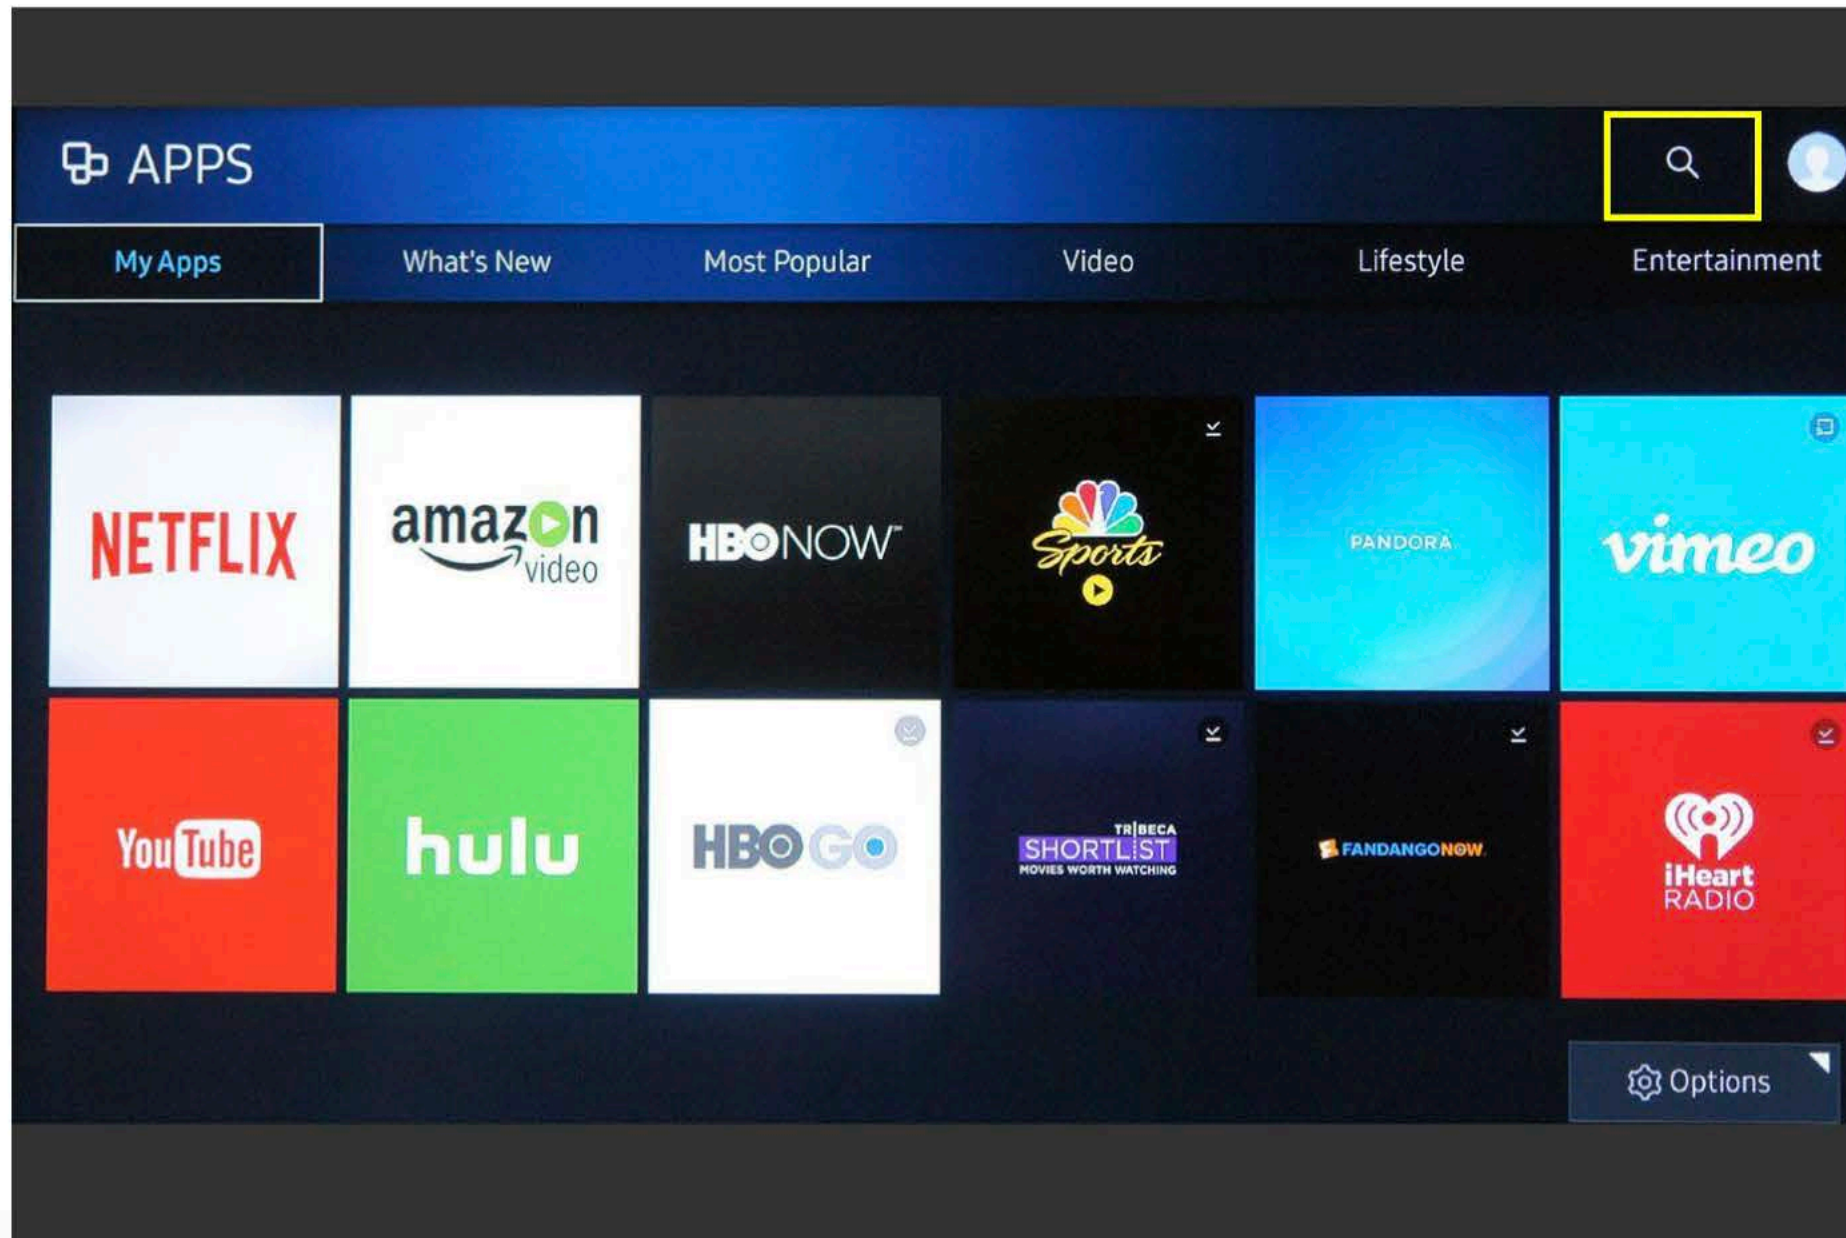

1. Turn on your Smart TV, then open the Samsung Smart Hub and click on Apps.

1. Turn on your Smart TV, then open the Samsung Smart Hub and click on Apps.

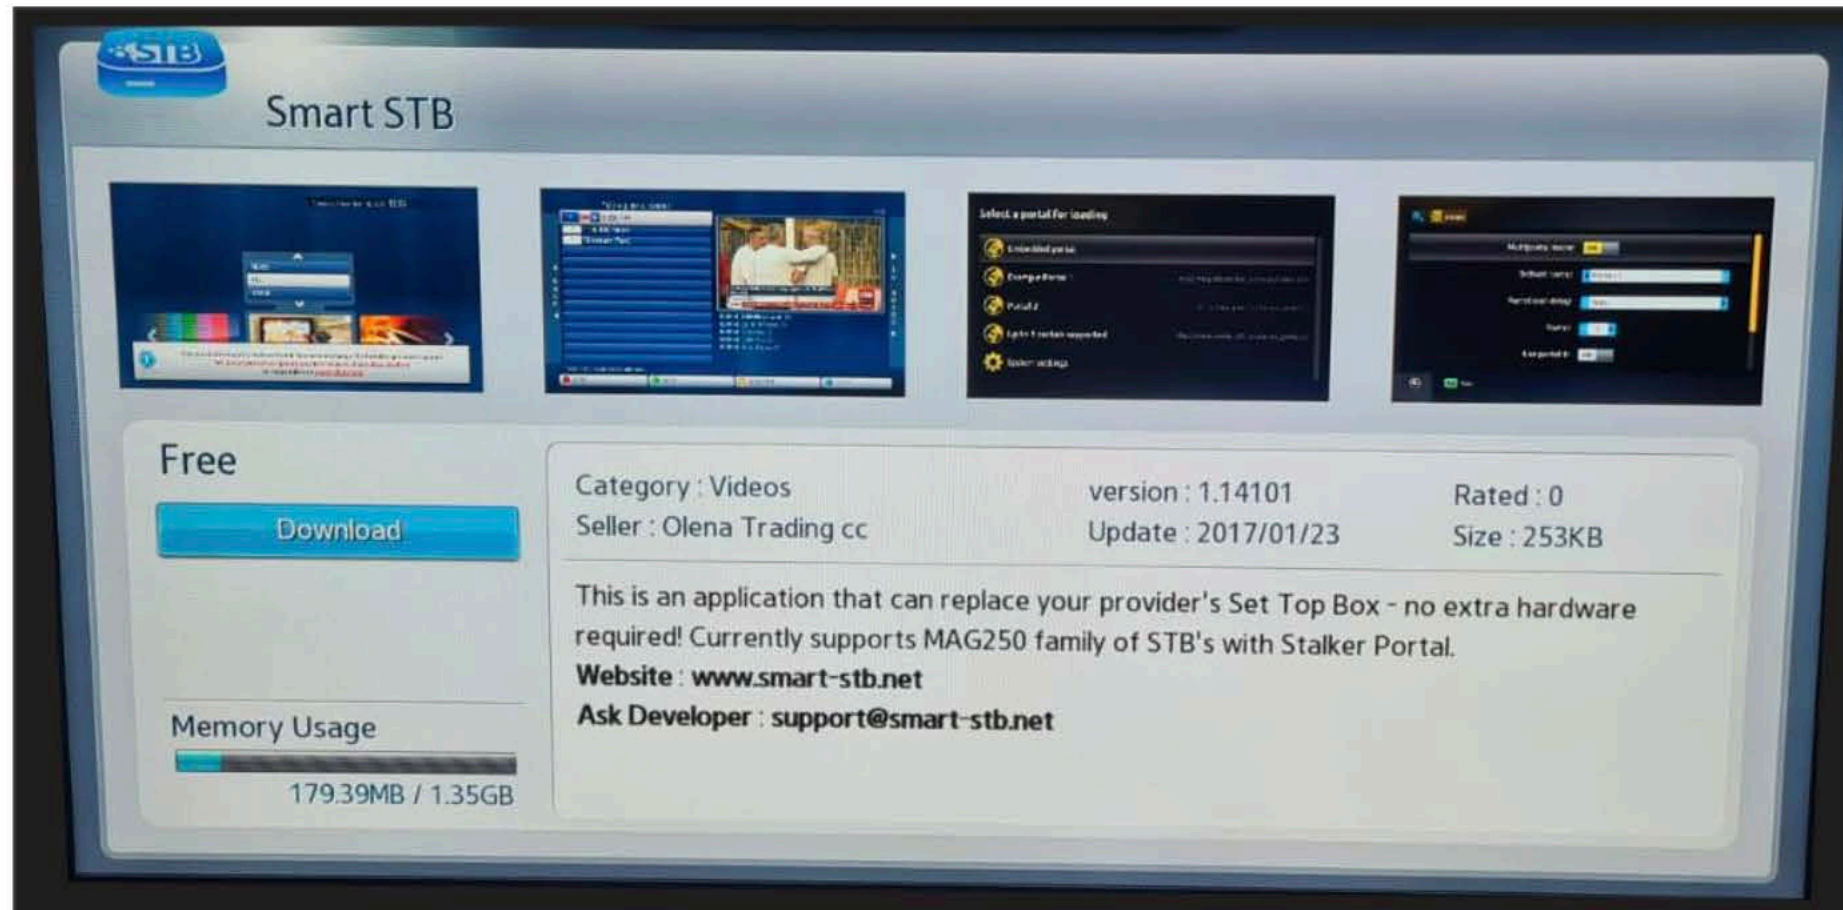

2. Go to the **Search** icon. Input "**Smart STB**" on the search bar, then hit **Search**.

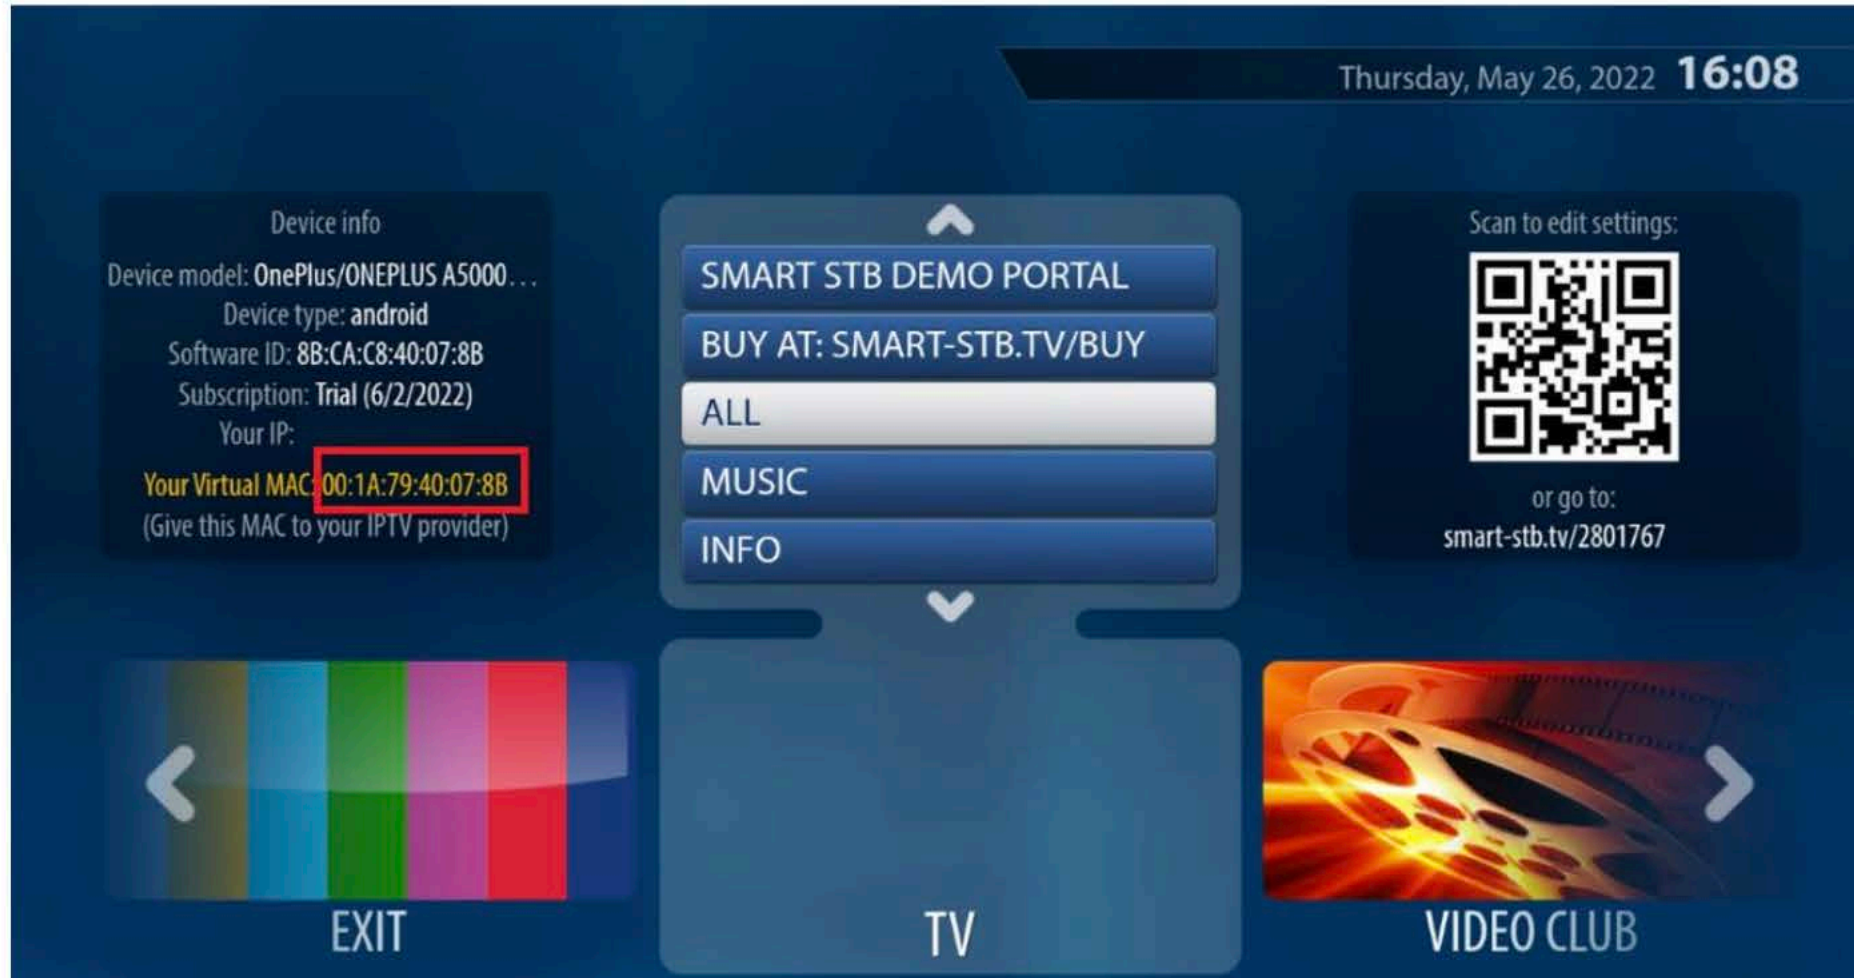

- When the **Smart STB** app appears on the search result, click on it then hit **DOWNLOAD/INSTALL** to start the installation process. Click on **RUN** afterwards.

4. Once the “**Loading portal...**” finishes loading, a similar screen will be presented like shown below

5. To allow your Smart TV device connect to the **CLEAR TV** platform, you will require to input the **Virtual MAC address** shown above in red into the **CLEAR TV** order page, once done, select your bouquets and finish the order checkout process.

6. Once Step 5 is completed, open a browser in your PC or Mobile and copy the smart-stb.tv link you see on the right section of your screen. This will configure the **CLEAR** TV MAG Portal required to load our content.

7. On the smart-stb.tv website, submit the following details:
- 1) Portal Name: **CLEAR TV**
  - 2) Portal URL: **http://live.cleartv.ai/portalstb**
  - 3) Then click on “Update Portal #1”
